

A heavy box of solar glass

Overview

Typical solar panels are not easy to carry, because glass is heavy. Many installers accept this heavy weight as it's currently the industry standard.

A heavy box of solar glass

I spotted this weird black box on top of a container home while hiking

Indeed, this mysterious black box is likely a solar air heater, a clever solution for harnessing the sun's power to provide warmth even in the most frigid conditions. Let's delve into
