Boeing C-32

The Boeing C-32 is the United States Air Force designation for variants of the Boeing 757 in military service. Two variants exist, filling different parts of the military passenger transport role.

Boeing C-32 , Military Wiki , Fandom

Presidents Barack Obama, George W. Bush and Bill Clinton have at times flown on a C-32 as Air Force One in place of the larger VC-25A. The C-32 is a military version of the Boeing 757-200 extended

[Boeing C-32: Military Transport Aircraft Specs & Operators \(2026\)](#)

The C-32A is the military designation for the Boeing 757 -2G4, a modified version of the Boeing 757 -200 mid-size, narrow-body twin-engine jet airliner adapted for government VIP

C-32 Air Force Two

Entering service in 1998, the C-32 Air Force Two is a modified version of the commercially available Boeing 757-200 commercial passenger plane. It is used to transport the Vice President, First
