

Cost of using a foldable container in mountainous areas 80kWh

The image shows a stack of six foldable solar container units. Each unit has a solar panel on its roof and a control panel on its front. The units are stacked vertically, with the top unit having a larger control panel. The background features a house with solar panels on its roof and a mountainous landscape.

easy to install and use

World wide Products

faster charging and discharging

Multiple protection with alarm systems

Can save energy

the battery capacity can be increased freely and flexibly according to the situation of home use.

Rechargeable lithium batteries use safe LiFePO₄

Overview

In this study, we analyze the effects of using a restricted number of foldable containers in different hinterland areas.
