

House solar power generation simple strokes

House solar power generation simple strokes

[Creosote running down outside of pipe, inside of house](#)

The past few days, creosote is running down the outside of the pipe that is inside the house, between the ceiling and the stove. The exterior pipe looks fine. Also, this fall we had resealed

2009 House with Fireplace Insert

Our house was built in 2009 and it has a beautiful fireplace with an insert. We didn't do too many fires last winter (maybe 1) but this year are wanting to use it more.

[heating entire house from basement , Hearth Forums Home](#)

we are looking at buying a house that has a stone fireplace in the living room and a place in the basement to connect a woodstove, the house is 1456 sq ft on one floor and the basement is

[Quadrafire Castile \(2001\) model smoke in house after Exhaust pipe](#)

Ok first post but I have been a lurker here for the past year and found many of the post very helpful. I bought a house last fall with a Quadrafire Castile. I was having a problem with the

DESIGNING A NEW HOUSE FOR WOOD HEATING

Two story house

The house is fairly well insulated with good windows. It runs fairly stable around 60 on second floor. I run first floor at around 65. this is with temps in the teens at night and twenties

[DIY Solar System - How to Build Your Own Off-Grid](#)

Building your own DIY solar system is one of the most rewarding projects you can take on - it's affordable, sustainable, and puts you in full

[mini split usage in 2-story home with small bedrooms on second floor](#)

I built a boiler building away from the house insurance on it is \$16 a year. With new construction I would include hydronic tubes in the slab best heating ever. The boiler was expensive

Moving Air to opposite side of the house

I was looking for some advice on how to get the air flow moving to move the hot air from the family room to the other end of the house. I am attaching my floor plan which is not to scale. The

[My house is "concrete slab" foundation \(no basement\). Am I losing](#)

I have no basement in my house - sits on a concrete slab. I have tile/hardwood/pergo floors and yes they are cold in the winter. We've got some carpet and rugs covering about 50% of the

Hi, I have been exploring my options to add AC to my 2-story, 1600 sq ft 100-yr-old home. I have ducts but they are very old and would probably need to be redone, since I have no returns on

[How to Build Your Solar Generator: A Complete DIY](#)

Learn how to build your solar generator step-by-step. Size batteries, panels, and inverters safely and affordably with pro tips and examples.

[How to route chimney in a cape-cod style house](#)

Hi all, I'm new to the forum, but I have heated with wood since I was little. We now have a house that doesn't have a chimney, and we bought an Englander (2200 sq ft model) wood stove from
