

How to ground the battery line of an outdoor base station

Overview

Placing an 8' ground rod into the ground directly below the antenna is recommended for a base station. All these connections should be sealed, preferably with a Coax Seal.

How to ground the battery line of an outdoor base station

Tower and Base Station Antenna Grounding

Inside your house, all of your devices (radios, power supplies, amplifiers, etc.) are connected to a single ground point (frequently a copper bar),
