## Modular

Constructed out of usually prefabricated units with standardized dimensions, allowing for easy assembly and flexible arrangement: modular furniture; modular homes.

computers are all often constructed in a modular way. Rather than being built all at once, they are built in separate parts that get assembled into a finished product.

## Modular Homes

Constructing a modular home involves creating building modules in a controlled factory environment. (Traditional homes, meanwhile, are built entirely at the construction site.)

## Modular Homes

Simply put, modular homes have sections that are built in a factory, rather than being fully built on a home site. These parts are then transported to the site and assembled by a builder.

## Outdoor Battery Cabinet
