[Table of Radio Spectrum Usage in New Zealand \(PIB 21\)](#)

The table indicates significant, but not necessarily exclusive, existing usage within New Zealand and is intended for use by persons of all levels of expertise. The Table can be used as a resource

[Ubiik slashes cost to deploy pLTE networks in NZ with new products](#)

Having already launched the freeRAN(TM) base station in the United States, Canada and Australia, this latest release removes a key barrier to entry for pLTE in New Zealand - cost.

[What is the Difference Between 'new object\(\)' and 'new {}' in C#?](#)

Note that if you declared it `var a = new { };` and `var o = new object();`, then there is one difference, former is assignable only to another similar anonymous object, while latter being object, it

When to use "new" and when not to, in C++?

You should use new when you wish an object to remain in existence until you delete it. If you do not use new then the object will be destroyed when it goes out of scope.

[New site design and philosophy for Stack Overflow: Starting February](#)

Ah, but new experts will rise up and embrace the new, friendly Stack Overflow that they have always wanted. And maybe rediscover the same things the bitter, hateful old guard found.

[How does the new operator work in JavaScript?](#)

The new operator uses the internal [] method, and it basically does the following: Initializes a new native object Sets the internal [] of this object, pointing to the Function prototype

[Is JavaScript's "new" keyword considered harmful?](#)

It is NOT 'bad' to use the new keyword. But if you forget it, you will be calling the object constructor as a regular function. If your constructor doesn't check its execution context then it won't notice that 'this'
