

# Solar Multifunctional Photovoltaic On-site Energy Outdoor

## APPLICATION SCENARIOS

## Overview

---

The model works as follows: a company looking to lower its carbon footprint across multiple sites enters a partnership with an energy service provider to deliver electricity via solar panels installed at the client's facilities, without the client needing to purchase or maintain the.

## Solar Multifunctional Photovoltaic On-site Energy Outdoor

### Solar Energy

There are two main types of solar energy technologies-photovoltaics (PV) and concentrating solar-thermal power (CSP). On this page you'll find resources to learn what solar
