

Somaliland Power Construction Energy Storage Project

Overview

The project involves the design, supply, installation, testing, and commissioning of a 10 MW solar photovoltaic (PV) plant integrated with a 20 MWh battery energy storage system. The project, financed by the World Bank, will be set up in Garowe, Puntland on a 290-hectare.

Somaliland Power Construction Energy Storage Project

[Somaliland energy storage power plant operation](#)

As part of producing this Somaliland Power Master Plan, an assessment of the potential energy resources for producing and supplying electrical and heat energy was crucial.

[Request for Bids for Design, Supply, Installation, Testing, and](#)

Design, Supply, Installation, Testing, and Commissioning of 12MWp Solar PV Power Plant with 36MWh of Battery Energy Storage System Including a 13.5km of 33kV Evacuation line for BEC, Berbera,

Somaliland Power Plant Energy Storage

Summary: The Somaliland energy storage power station has entered its active construction phase, marking a critical milestone for renewable energy integration in East Africa.
