phrase usage

It might be used for the largest, but it is quite an obscure word - Merriam-Webster restricts its use to elections. In your case with less than 50%, the best option is a superlative like "largest":

Greatest number or highest number

Actual numbers are highest and lowest number: 100, 200, 300 versus 1, 2, 3, for example. Whereas: the greatest number of people would take great to mean largest. That's the short answer.
