

Township installs solar power generation

Overview

Susquehanna Township has just completed a 462 kW (kilowatt) solar array project that will generate 85% of the electricity needed to power its administration, police, emergency services and highway maintenance buildings.

Township installs solar power generation

Solar Power in Your Community

Understand the local solar market, including the price and availability of solar technologies, tax incentives, subsidies, and the operations of local solar developers and installers.

[Thread: Game strategy: Township and the environment](#)

The strategy above will help in avoiding my help being nullified when a player decides not to send out a full plane, leaving the crate that I offered help with, as the only one being filled in a row. I see it has
