

United Arab Emirates solar energy storage policy

United Arab Emirates solar energy storage policy

United Arab Emirates

The strategy targets an energy mix that combines renewable, nuclear, and other clean energy sources to meet the UAE's economic requirements and environmental goals.

USE OF SOLAR PHOTOVOLTAIC AND BATTERY ENERGY

The objectives of this Policy are to place end-consumers at the forefront of Abu Dhabi's energy transition by enabling complementary measures, such as customer self-supply through DPV and PV+BESS.

Solar Energy in the United Arab Emirates

Current efforts are now turning toward the storage, utilization, and export of this low-cost solar energy, which can be expected to be the solar story of the next decade, much as the rise of photovoltaics
