AIG traffic in FSX Steam Edition?

Hi I use the excellent AIG traffic for P3D V4.5 as i

found Ultimate Traffic Live a bit disappointing and very out of date. I still dabble in flying FSX from time to time and I wondered if its

Traffic Global or Ultimate Traffic Live?

UTL also has a vastly more complete and well done set of schedules that also fly actual airways and routes vs TG's direct airport to airport and also the biggest glaring issue of each aircraft

[Ultimate Traffic Live 2 public beta now available](#)

The repaints.xml in the new version is a different format than before and is NOT compatible. They are working on a conversion program that should be available soon. Similar to

[UTL 200AH Solar Inverter Battery Features & Prices](#)

Eco-friendly UTL 200AH Inverter Battery is a tall tubular battery that has fast

FSUIPC7 and MSFS2024

John Dowson published a beta FSUIPC7.exe file in his forums that works with MSFS2024. It makes side-stepping the convoluted new control setup a quick and easy proposition if

terrain.dll CTD in P3D4.4

I've suspected since updating to 4.4 that something didn't go right because even UTL update wouldn't work (utl_client.exe would launch on startup but never initialize in the sim) but I was

Ultimate Traffic Live Version 2

Do I have to purchase UTL v1 to have access to the beta for v2? I assume I would have to. It looks like it's better to wait until version 2 is out before purchasing a traffic utility. Do you all

Best traffic addon Performance wise

Is it possible to start UTL manually each time, or does it always start automatically with the flight simulator? I prefer programs that don't start with the sim as it complicates start-up issue

Ultimate Traffic Live issues

Re-installed UTL per instructions in Install Guide, including setting app to Run as Administrator and starting UTL to verify FSX-SE was selected. Checked FSX-SE config file to make

Ultimate Traffic Live using P3d v4

Good day, I installed UTL into my P3D. Upon loading into a new flight I see all AI planes parked at the gate, which is fine. Although after testing, I started to notice that I am not seeing AI taxi
